

LOCALLY PROVEN

IT'S TIME TO ELEVATE
YOUR EXPECTATIONS
WITH Y SERIES SOYBEANS

Pioneer® brand Y Series soybeans are developed, tested and evaluated locally to redefine top-end yield potential for growers across the country. Powered by the Accelerated Yield Technology (AYT™) system, Y Series soybeans are the next generation in a long line of high-performing Pioneer varieties with strong agronomic and defensive traits. And Pioneer Premium Seed Treatment offers additional protection options to help maximize your returns. See your Pioneer sales professional about the right varieties for the right acres of your operation or go to www.pioneer.com/soybeans.
