

**MORE PRECISE AND REPEATABLE ROWS.  
MORE PRECISE AND REPEATABLE ROWS.  
MORE PRECISE AND REPEATABLE ROWS.**

Farming isn't brain surgery. Now, it's much more precise. With RTK sub-inch accuracy, Case IH AFS AccuGuide™ equipment is the most precise in the industry. Eliminating skips adds rows to every acre. Removing overlaps cuts fertilizer and fuel costs. Even a brain surgeon can see how our precision equipment will boost your yields and maximize profits. You demand more. We deliver more. See your dealer or visit [caseih.com/AFS](http://caseih.com/AFS).

**CASE IH**  
FOR THOSE WHO DEMAND MORE™
