

He's been there when you've bagged your limit.

He's watched you reel in the big one.

He's even helped to guard your house.

That's the same type of assurance you get with all-new PowerFlex™ herbicide for winter wheat. Its active ingredient controls tough grasses and broadleaf weeds, including downy brome, wild oats, and Italian ryegrass, as well as mustards, pigweed, bedstraw and many more. Plus, PowerFlex delivers performance you can count on — making it the smart choice for winter wheat. So when it comes to maximizing crop potential, depend on the herbicide that provides assurance.
