

# Making a profit?

*Not sure?*

**Burning the midnight oil trying to determine whether or not you're making a profit?** Without organized financial records, you'll never know for sure. And that could cost you more than a little sleep.

Fortunately, the agribusiness financial experts at Farm Credit can help organize and analyze your records so that you know how your business is doing at all times. More importantly, you'll have the information at your fingertips to better manage your costs for higher profits and a brighter future.

*Call Farm Credit today for more details on affordable record-keeping options that will let you rest easy. Pleasant dreams.*
