

# IDOA recognizes employee dedication

ILLINOIS Department of Agriculture's Livestock Facilities Program manager has been awarded the agency's top individual honor. Brad Beaver was presented the Director's Achievement Award at the department's 30th annual Employee Awards Ceremony.

"Since he became involved with the implementation of the Livestock Management Facilities Act in 1996, Brad

has worked on more than 1,200 proposed projects, coordinating everything from field staff site inspections and engineering design reviews to site setback compliance checks and monitoring well water sampling," says Tom Jennings, IDOA director.

Beaver, a Springfield resident, has worked for the department's Bureau of Environmental Programs since 1993.

The Electric Shop employees won the Commitment to Quality Award. They were recognized for their extraordinary efforts last year to minimize the disruption caused by a power outage on the state fairgrounds.

Valerie Booth, an assistant to the bureau chief of Environmental Programs, was presented the Assistant Director's Fellowship Award. Booth of Beardstown

was honored for her cheerful attitude and concern for others.

Manager of Emergency Programs Jim Kunkle won the 2008 Ag Ambassador Award. Kunkle received the award for the professionalism he demonstrated while promoting premises registration.

The Ron King Award for Efficiency went to Carol Rankin of Emden, an employee of the Bureau of Weights and Measures. Rankin has created a better process to manage her bureau's administrative hearings.
