

**“We’ll get ’em next season”  
is for sports fans, not growers.**

Optimism is nice, but it doesn't pay the bills. Since you can't afford to leave any yield out in your field, do things differently with Quadris® fungicide. Its unique xylem mobility quickly spreads the broad spectrum disease control of Quadris throughout the entire plant—boosting your crop's Plant Performance™ and, ultimately, increasing yield. Learn more at [quadrissoybeans.com](http://quadrissoybeans.com).
