

Attention Burley Tobacco Growers!

Stick With The Brands You Trust

YARA and SQM, global leaders in fertilizer production and experts in tobacco nutrition, have invested years of research to bring you the best fertilizers for a sound and profitable burley nutritional program.

**Calcinit™
Tropicote®**
15.5-0-0 + 19Ca

- Premium nitrate nitrogen with 19% elemental calcium.
- Excellent sidedress source where no additional potassium is needed.

Hydrocomplex™
14-0-14 + 12Ca

- An all nitrate fertilizer for immediate uptake by roots
- Low salt index
- pH neutral fertilizer. Will not acidify. Helps avoid Mn toxicity/Mo deficiency
- Chlorine-free potassium
- 12% water soluble calcium
- 1:1 N:K₂O ratio.

1-800-234-9376
www.yara.us
