

# THE FARMER'S CHOICE

Today, there are more New Holland skid steers used on the farm than any other brand — and for good reason. For 35 years, New Holland has set the standard with the outstanding reach, stability and visibility of the Super Boom® design. Others have tried to imitate, but they simply can't match the superior performance of a genuine New Holland Super Boom® skid steer.

*New Holland Super Boom®, the farmer's choice since 1971.*
