**Take Control of Your Pond**

Koenders Aeration Systems are proven low-maintenance, low cost, highly effective methods of improving water quality.

Aeration helps control algae, eliminates odors and reduces chemical use in ponds and lagoons. Aeration can also prevent fish kills and keep your fish and livestock healthy year-round.

**CHICKEN TRAXXS**

(Patent Pending)

**Best Thing since Automatic Feeders!!!**

A multi-task system that EMPOWERS the poultry farmer to remove dead birds without stooping, touching, or toting. One trip in and out with average daily mortality. You can use our system to place and remove feed trays. All of this without letting migratory fences down.

Designed and built to outlast the barn itself.
