

How to Make Your Field?

You Really Need The **Y**

If you're looking for bigger yields with a capital Y, stop here. Pioneer® brand soybean varieties are redefining yield potential. Powered by our exclusive Accelerated Yield Technology (AYT™) system, our Y Series soybeans are the next generation in a long line of high-performing Pioneer varieties with bred-in pest resistance traits. Your Pioneer sales professional stands ready to help you pick the right varieties to maximize your field-by-field returns. See for yourself why Pioneer varieties are planted on more acres than any other brand.
