

**"THE WORLD'S
FIRST ATV WITH
POWER STEERING.
AND THAT AIN'T
NO BULL."**

**INTRODUCING THE ALL-NEW
GRIZZLY 700 AUTOMATIC 4X4**

Top Pro Bull Rider Ross Coleman knows all about being tough and agile. That's why he's all over the new Grizzly 700 – the world's first ATV with electric power steering. Now, conquering the tightest trails, even with fully loaded racks, is no longer a grueling proposition. Neither are cold-weather starts, thanks to new fuel injection that provides tons of power at any altitude. Throw in a rugged new chassis with WideArc A-arms for maximum ground clearance, the Yamaha-exclusive Ultramatic[®] transmission and On-Command[®] pushbutton drive selection system—and you've got the most rugged, powerful and comfortable Grizzly ever.

Yamaha ATVs. Ain't nothin' tougher.

ELECTRIC POWER STEERING.
Only the Grizzly 700 has it.

The official ATV of the PBR.

YAMAHA

ATVs with engine sizes of 90cc or greater are recommended for use only by riders age 16 years and older. Yamaha recommends that all ATV riders take an approved training course. For safety and training information, see your dealer or call the ATV Safety Institute at 1-800-887-2887. ATVs can be hazardous to operate. For your safety: Always avoid paved surfaces. Never ride on public roads. Always wear a helmet, eye protection and protective clothing; never carry passengers; never engage in stunt riding; riding and alcohol/drugs don't mix; avoid excessive speed; and be particularly careful on difficult terrain. ©2006 Yamaha Motor Corp., U.S.A.
