

# Measured by the gallon or by the acre, Valley is the leader in precision irrigation.

When it comes to industry leading features like durable structures, reliable drive-trains, advanced technologies and a dealer network that's second to none – Valley leads the way. That's why more acres are trusted to Valley equipment than any other.

To see for yourself, visit your local Valley dealer  
or [valleyirrigation.com](http://valleyirrigation.com).
