

★★★ HARDEST WORKING. ★★★
SMOOTHEST RIDING.

INDEPENDENT TESTS PROVE IT.

See the videos at www.polarisindustries.com

The Polaris **RANGER** works harder and rides smoother than other utility vehicles. We built it that way, and an independent engineering testing lab has confirmed that it's true. Choose from a variety of models, including the powerful **RANGER XP**, the only utility vehicle with EFI and a 50 MPH top speed. Before you buy, see video action comparing **RANGER** to other vehicles, at your dealer or online at www.polarisindustries.com.

See the full line of **RANGER** utility vehicles at polarisindustries.com
