

FUELED BY TECHNOLOGY? WE'VE GOT YOUR TRACTOR.

B100

Introducing the most forward-thinking line of engines ever built for agriculture. After 30,000 hours of real-world tests, New Holland is proud to be first to support the use of B100 in all New Holland-manufactured diesel

engines. Now you have the flexibility to confidently run on everything from plain diesel to 100% biodiesel. Whatever the future of fuel pumps at you. Check out newholland.com/na.

WINNER OF THE
2007 BIODIESEL INNOVATION AWARD
