

A close-up photograph of a soybean stem, showing its characteristic fine hairs. The stem is green and appears to be part of a larger plant. Overlaid on the right side of the stem is a large, white, stylized "#1", indicating a top ranking or quality.

#1

Thanks to all you soybean growers who have made us the number one choice in the country. Planted on more acres than any other brand, Pioneer® brand varieties are bred to lead the way in yield and resistance to pests and diseases.
