

MASSEY FERGUSON COMBINES: THE NEXT GENERATION

Capacity up. Complexity down.

It's what happens when engineers listen to farmers.

You made it clear. At the end of the day, you want a combine that'll put more clean grain in the grain tank, with less downtime, less maintenance. Meet the Massey Ferguson® 9500 Series. This combine has been rethought and reengineered front to back. New processor. New stratified cleaning system. A one-of-a-kind cooling concept. And e3™ clean air technology. It has you written all over it. To learn more, stop by today or visit www.masseyferguson.com. *New processor, cleaning and cooling systems on MF9540 and MF9560 only.
