BULK SEED? HANDLE IT THE SUDENGA WAY...

Bulk Seed Tenders:

267 cu. ft (200+ bushel) capacity in two compartments. 5.5 HP Honda engine powers the patented cleated belt conveyor for a self contained, fast, but gentle loading system. Unique stowing conveyor provides trouble free transport and a compact footprint, taking up less space when stored.

Gravity Wagon Augers and Conveyors:

Choose from steel, bristle or poly cup flight augers. 12' through 18' lengths reach the tallest planters. Cleated belt conveyors handle seed quickly but gently. There is a difference, don't settle for cheap imitations. Sudenga Augers & Conveyors are simply the best.
