

The reasons **Y** in Kansas

The new Y Series soybeans from Pioneer are loaded with yield and helping growers climb to a whole new level of performance.

Our patented Accelerated Yield Technology (AYT™) system is helping Pioneer research double the rate of genetic yield gain compared to varieties developed without these innovative marker technologies.

Talk to your Pioneer sales professional about the Pioneer® brand varieties best suited to make the most from your 2009 acres. Visit us at www.pioneer.com/soybeans.

® Roundup Ready is a registered trademark used under license from Monsanto Company.

DuPont™ and STS™ are trademarks of DuPont or its affiliates.

® ™ SM Trademarks and service marks of Pioneer Hi-Bred.
